DO

MESSAGE

Dear Graduating Class of 2017

Heartiest congratulations to the graduating class of 2017!

HOME team is incredibly proud of you and inspired by your commitment to growth and learning. Joining and completing HOME Academy course requires discipline, effort and passion. It is not easy to give up your only day off in the week and spend that time to be a student in a class. You did that with sincere dedication and completed the entire six month course.

I hope that the courses have helped you in learning new skills as well as building self-confidence and future employability. We are constantly also trying to improve our curriculum and teachers' capacity as well looking for new and more relevant courses and partners. I hope that you remain in touch with us and come back to attend advanced level courses as well as courses in different areas and continue to strengthen the HOME's community.

Finally, a heartfelt thanks to the teachers, coordinators, partner organisations to make this amazing work possible!

"Congratulations for believing in yourself and working hard towards your dreams."

Sheena Kanwar
Executive Director

Congrats to all the Graduates and Volunteers

It has been a great honor to be part of your education journey and witness your graduation in Home Academy. We will continue to improve our Academy to meet your requirements. In this intake we added Cosmetology Practicum, thanks to New Star Hairdressing Salon, who allows our students to do OJT there. We also added Nursing Aide Course with support from Mr. Gerry and Singapore Expat Solutions on First Aide and other Safety Modules.

We are proud to announce that we have many students being awarded certificate from TESDA Assessment and our Cooking Course teacher was appointed as Assessor for Singapore TESDA assessment.

Our partners who make this graduation possible are Dream Maker who help to take pictures and produce the Graduation Magazine, and supporting Financial Planning Course for the church community. There are Jamiyah Nursing Home, Civil Defence Academy, Active Global, UWC-SEA, Philippines and Indonesian Embassy for their continuing support to Home Academy.

Last but not least, big thanks to all the volunteer Teachers, Administrators and Coordinators for their contribution to making this intake run successfully and produced best students.

Wish you a Merry Christmas and Happy New Year 2018

Love,

Sisi Sukiato
Director of Administration

MESSAGE

Dear Graduates

Your time is precious, don't waste it living in someone else life. You made a choice to upgrade yourself and you did it. It is a wonderful achievement, continue to excel and live life to the fullest.

Your teachers and Administration Volunteers have been working hard to make your learning journey a success one. Let express our appreciation to them for their kind contribution.

Congratulations my fellow migrants.
God Bless you all in your next journey.

Saturnina De Los Santos Rotelo
Coordinator of Home Academy (1st & 3rd Sundays)

Congratulations to the Batch 10 , HOME Academy 2nd and 4th Sunday Classes! It is my pride to be a part of your success!!!

I am very proud of you, our students who are never tired of equipping yourselves of skills for betterment of your future. Most of you preferred to spend your day off in school rather than waste it, I salute all of you! And today you are here to fulfill that dream.

It is my pride to say that we have produced a successful student to become the first Technological Education and Skills Development Authority (TESDA) Onsite Assessment Assessor in Cookery here in Singapore.

I am so delighted that many students have passed the TESDA assessment this year. For the upcoming intake we will apply the modules of TESDA and help more students to pass the assessment.

Thanks to the HOME Academy Volunteers who dedicate their time to help and share their knowledge to make your dreams possible.

I and my team wish you a very Merry Christmas and Happy New Year 2018

Pablita B. Patricio
Coordinator, HOME Academy 2nd & 4th Sundays

Congratulation!

I am proud of all of you. This is a great achievement and a right decision you make in your life. Education is a long life learning, do not stop here, continue study, Home Academy has many courses that tailored to your need.

I believe your teachers have a big contribution to your success. Let us give a great appreciation to all the teachers and the Management of HOME.

Wish you a very Happy New Year 2018

Cheers

Suzilah Dollah Mursid

Inspiring Story

JETKY MARIE AMORES

Jetky has been with HOME Academy since 2012. Since then, she has graduated from almost every one of the courses available, including cosmetology and caregiving.

Most recently, she was one of the three candidates in Singapore to receive official certification from the Technical Education and Skills Development Authority (TESDA) based in the Philippines.

“How the test works is that I’m evaluated on how I assess a cooking course candidate. I have to assess them on their culinary abilities and the techniques they use. I evaluate how they prepare an appetiser with soup, a dish with seafood, beef, pork, or another ingredient, a dessert, and so on. Then I interview the candidate,” she explained. “So while I’m assessing the candidate, my assessor assesses me.” “It’s not easy,” she admits. “There’s a lot of pressure. But I was confident. I love cooking. I have experience assisting in the cooking courses at HOME Academy, and I trained for the TESDA for months.”

Passing the assessment means that Jetky is now a certified cooking assessor – a qualification that provides her with the license to teach culinary skills at a higher level. With this, she hopes to return to her family in the Philippines – after over a decade of working in Singapore – to apply for a job as a high school teacher for the culinary arts.

NOEMIE VILLARIN

After she was laid off as a hairdresser in the Philippines, Noemie Villarín came to Singapore in 2014 to work as a domestic worker. Although she was treated well by her employer, Noemie never stopped thinking about returning to hairdressing. She also knew that if she wanted to return to hairdressing, she had to refresh her skills. She found out from a friend that HOME offered Basic and Advanced Hairdressing Classes for domestic workers. On one of her off days, she walked up to HOME’s Helpdesk in Lucky Plaza and enrolled.

“It was challenging to work all day and go to class but I managed to complete each task and assignment before due dates,” she said. When Noemie graduated from HOME Academy, she quit her job to pursue her dream.

Today, Noemie works at New Star Hairdressing Salon in Little India as an Assistant Manager. She oversees the day-to-day operations: hairdressing, managing employees, handling payrolls, and manning the cashier. “Noemie is very good with people, she is knowledgeable about hair-care, and she gives me good insights on how to better our business”, New Star’s owner Sivakumaran Kandasamy said. He could not stop singing her praises and had so much confidence in Noemie that when the salon expands to the Philippines in a few years’ time, he planned for her to run it. Impressed by the skills that Noemie picked up from HOME Academy, Siva has opened the salon to HOME’s hairdressing course graduates for on-the-job training.

Noemie said proudly. “HOME Academy gave me hope, self-confidence, and a chance to succeed.”

Tribute to Home Academy Volunteer

MARIA ROSEL S. BUENVENIDA (2009 – 2017)

Rose has been with HOME since 2009 and started volunteering at Home Helpdesk. She was a pioneer of Home Academy for 2nd and 4th Sunday class and later appointed as Treasurer in 2012.

She took Computer, Dressmaking, Martial Arts and Baking Classes at HOME Academy to upgrade her skills. She loves to share her knowledge and help, saying Sundays is incomplete without her HOME Family. In 2014, she joined the first HOME Talent Pageant and was at the top 13 among the contestants.

She has very supportive employers who are proud of her and of what she does. Because of her versatility and she recently teamed up with four other fellow volunteers in penning down a Cookbook which they hope to launch early next year. She plan to start her own business in her country.

She is very grateful as it is HOME where she learned to conquer many things: she went from a shy and reserved person to being an older “Sister” to many students and volunteers alike. She proudly says” HOME Academy is my family and my friends in Singapore. We wish her have a beautiful journey ahead.

SITI MAYSARAH (2014 – 2017)

She is popular as Sarah, who graduated from Baking Course in 2014 as Best Student. In 2015, when we started Home Academy for Indonesian domestic workers, she volunteered to teach Basic Baking Course. She was a good teacher and gradually the amount of students grew from 10 to become more than 35 students in two years. She expresses her thanks to Home who gave her the opportunity to share her knowledge and will be certainly missed by Home Kartini Group where she is treated like a sister.

She leaves Singapore to pursue her further career in Indonesia and we wish her all the best.

CATHERINE PELIGRINO (2015-2017)

Known as Kathy was graduated from Financial Planning of Home Academy two years ago. She applied the method that we thought her and successfully invested her savings for a house support by subdivision. We are very proud of her.

She became attached to Home after graduated and gave her time helping the activities of Home Roses and assisting in Financial Planning Class such as taking photos and running errands. She is a dedicated and a well respectful ladies. We miss you...

You remain in our heart and we wish you well for your next career.

Messages From Students

HOME ACADEMY helped me not to waste my time, just roaming around during my off day. I have learned how to bake yummy cakes, breads and pastries.

I learned how to bake yummy cupcakes, cakes, breads, and pastries. I also learned how to do fondant icing and how to assemble tier cakes. I was able to learn all these with the help of our beloved teacher Janeth Bullecera as we fondly called her.

I'm planning to set up my own bake shop in my home town when I go back for good.

MICHEAL F. GARCIA

*Advance Baking Home Academy,
2nd & 4th Sunday Class*

I have benefitted a lot from being part of home academy. I feel a sense of satisfaction whenever I learn something new.

I learned a lot of things in baking, like making breads, cakes, and pastries.

I tell myself to start my own business when I go home for good.

MARY GRACE V. OBERON

*Advance Baking Home Academy,
2nd & 4th Sunday Class*

Aside from learning, I met new friends and made use of my day-off in a useful and meaningful way.

I learned basic and intermediate computer lessons. I was able to learn fast and easily because the teachers are kind and friendly.

I hope I can apply what I learned not just for my personal use but also when I apply for other jobs whether here in Singapore or in my home country.

GRACE O. SOLIS

Intermediate Computer Class

I arrived here in Singapore almost 8 years ago already. I heard about HOME ACADEMY, but I did not get a chance to join immediately. Last year I managed to join and learn from Sewing and Dressmaking Class. I did not know anything about sewing when I started. The teachers in Basic Dressmaking Class, the teachers taught us so well. I learned so much that I got the award for being one of the top students. I was so happy I decided to continue studying and took Tailoring Class. I can now sew my own clothes. One day I dream to be a designer. Because of HOME ACADEMY, I know my dream will come true. I'm so thankful to HOME ACADEMY and all my teachers.

KHIN MALAR OO

*Tailoring Class,
1st & 3rd Sunday Class*

HOME ACADEMY guided me towards my future plans. I learned the difference between my needs and wants. Home Academy also encouraged me to apply what I learned together with my family so they could understand me better.

I learned how to manage my income in the present and to save for my future. I learned how to save more and I share my learnings with my family too.

For now, I plan to save for my future plans so I can realize my goals in the future.

JEREMAE A. FRANCISCO

*Financial Education,
1st and 3rd Sunday Class*

It is with much hesitation that I joined HOME ACADEMY. Ever since I was young, I have never liked sewing. After hearing good testimonials from friends, I decided to give it a try. I thought I couldn't work as a domestic helper in Singapore forever. I needed to learn a skill which I could use upon my return to the Philippines. My teachers, Nelia Collado, Hiedi Grace Capanas, Juna Treyes, and Elizabeth Imbag were good. They were patient and they explained everything clearly. They understood that I was a slow learner so they allowed me to do a video recording of the

Messages From Students

lessons so that I could review the lessons at home.

From purchasing of materials, designing, cutting of materials, to sewing, I was apprehensive and not very confident. The trainers guided me throughout the process. There were numerous times when I did it wrongly and I had to undo and redo my work. The various attempts frustrated me but I pressed on. The joy and fulfillment of finally wearing what I have sewn was immeasurable.

Then the pictorial day and graduation day came. Taking photos on pictorial day was one thing, but parading the gown that I created in front of an audience was another thing. In the end, I really enjoyed it. The two modules that I took gave me skills that I could use to make a living when I return to Philippines. I already bought my own sewing machine in Singapore. I will bring this back to the Philippines when I leave Singapore. With this, I will start my new career.

TERESA D. BUNAGAN

*Basic Dressmaking and Tailoring Class,
1st and 3rd Sunday Class*

HOME ACADEMY has indeed been a home to me in almost one year of my education journey here in Singapore. It has been one of my great blessings from above. It gave me a lifetime benefit of upgrading myself through gaining additional skills. I gained full self-confidence that I never had before. I started to believe that I could do more in improving myself and giving out the best that I can.

I took the Caregiver Course and I learned practical skills on how to take good care of elderly and children. I learned proper hygiene and grooming, transferring and movements, medication, assisting, and illnesses of the elderly. I learned how to feed a baby, the needs of children, how to handle babies and a lot more. I also learned to be more patient and optimistic in dealing life's challenges as a foreign domestic worker in this country. I learned to strive for more and to be more focused in achieving one's goal in life.

HOME made me realize that though life has its own ups and downs, life goes on and there's always a room for pursuing more learning.

Having learned these skills was an awesome experience. I will always remember all these things I learned, as well as share them with my family when I go back home.

MERLIE P. CABAGUA

*Advance Caregiver Course,
1st and 3rd Sunday Class*

HOME ACADEMY is a wise use of money and time. I learn a lot while gaining new friends too.

I learned to cook various dishes. I learned about different spices and their uses. I also learned about serving food nicely on the table.

I would like to share my knowledge in cooking to others, especially to my employer. When I go back to my home country, I plan to put up my own restaurant business.

JO-ANN T. SEGUNDO

*Cooking Class,
1st and 3rd Sunday Class*

HOME ACADEMY provides training opportunities to learn different skills to migrants. It helped me develop my self-confidence to learn new skills and to achieve greater things personally and professionally. By enrolling in the Childcare Course, I have gained knowledge on essential aspects of a child's growth and development. It also helped me understand the differences of children's social, emotional, cognitive, and physical growth pattern. After attending the Childcare Course I'm now confident that I can do a good job as a child minder here in Singapore.

MA. VICTORIA SAN ESTEBAN

Childcare Course, 1st and 3rd Sunday Class

Messages From Students

I learned many skills that are valuable to enable me to do my own business. I learned to bake cakes, as well as do manicure and pedicure, facial treatment, etc. My off-days every Sunday were happily spent together with many friends from different countries.

Aside from learning baking and cosmetology, I also learned to become more independent and confident. I learned team-work and working harmoniously with other races.

My dream is to open a bakery and a beauty parlor in my home country.

LALANIKA KUMUDU
*Advanced Cosmetology,
1st & 3rd Sunday Class*

I studied Basic Beauty Salon at HOME ACADEMY for six months. The skills I learned were very practical. I want to continue to Advance Beauty Salon Class and I wish to open a beauty salon business in the future. I Thank Ms Hesti and other Volunteer Teacher for the willingness to share their skills.

I wish HOME Academy and all Students every success.

LOVE , SRIMAWATI
*Basic Hairdressing,
1st & 3rd Sunday Indonesian Class*

HOME ACADEMY gave me an opportunity to develop my skills and inspired me to hope that I can be successful someday. I'm very proud of the certificate that I gained from the academy. Not only I learned very useful skills that I can use it in future, I also gained new friends.

After finishing my skills classes, I'm looking forward to put up my own business back in my home country. I also want to share the knowledge and techniques that I've learned here to my employees when I become an employer myself.

LUZ TENORIO MAO
*Tailoring,
1st & 3rd Sunday Class*

I learned the importance of being patient and waiting for the magic to happen. while waiting, i gained and developed confidence in baking and decorating various cakes. above all i made a lot of friends who keeps me coming back in home academy.

I love the variety of recipes that i learned from home academy. i learned the importance of following these recipes accurately to create amazing breads and cakes. i also developed skills in cake presentation and learned that a beautiful cake must also taste great.

In the future, i would love to own and run my own cake shop. i would also love to teach and pass on my knowledge and skills to others.
